

Water Quality Testing 2

Name of Group Members: _____
 Class: _____ Date: _____ Time of Day: _____
 Weather and other notes: _____

Ithaca Creek is part of the _____ Catchment.

Why do we test water quality?

How do we affect the water quality of our waterways?

Draw the creek within the sampling site.
 (This only needs to be a basic diagram. Mark your sampling sites and label appropriately)

Test	Result
What is the temperature?	
How clear is the water	
pH 1 (Strip test)	
pH 2 (Phenol-Red Test)	
How fast is the creek?
